IT IS Mariah Carey's shame — and sister Alison's hell!

The National ENQUIRER has obtained a shocking, world-exclusive image of the pop diva's beleaguered big sister at the antiseptic ambulatory surgery hall of a Long Island mental hospital.

The photograph shows the anguished Alison seemingly unconscious and strapped to a gurney while being wheeled out of Brookhaven Memorial Hospital Medical Center.

That is the same facility from which Alison, 54, previously phoned The ENQUIRER in a bid to secure her freedom.

Alison was ushered out to the facility's parking lot

Carey shuns HIV-positive, druggie sister festering in hospital

MARIAH MENTAL WARD HELL!

In a July 29 story, The ENQUIRER reported how Alison dramatically told us she was being held at the facility against her will by her evil mother, Patricia Hickey, and a Long Island lawyer named Stephen Grossman.

During the phone conversation with Alison, a heroin-addicted ex-prostitute and mother of four, she desperately pleaded with the "I'll Be There" pop princess to help her to freedom.

"I need a lawyer to get me

out of this hospital because there is no reason to keep me in here for three months," she said.

It is a request that has seemingly fallen on deaf ears, as Mariah, 45, unrepentantly lives in a \$10,000-a-night beachside Malibu rental.

She has also recently been spotted partying at luxe Malibu eatery Nobu and throughout Europe with her new billionaire boyfriend, James Packer.

Meanwhile, Alison, who is HIV-positive, told The ENQUIRER she has been rotting at the hospital since a mystery man attacked her in her home and stole jewelry four months

ago. "I don't remember getting in a car with this person, and I don't remember going to my house. But I remember being at my house and he was taking my jewelry," Alison said.

The striking image was ripped from a surveillance camera inside the hospital. They show Alison guarded by grim-faced orderlies and stoic, suit-clad hospital personnel.

A time stamp shows that at 9:22 a.m. on July 23 she was wheeled down a hallway. A minute later, the gurney on which she is seemingly incapacitated is guided out of what appears to be a hospital service entrance. **NE**

PARIS JACKSON MELTDOWN FEARS!

She **SNUBS** mom Debbie as she spirals out of control once more

STILL-fragile Paris Jackson has abandoned mom Debbie Rowe, and pals fear she's headed for a dramatic relapse to the same demons that drove her to a suicide attempt.

"Everyone thought she was back on track," said a pal, "but now it looks like she's on the verge of a meltdown."

As The National ENQUIRER reported, troubled Paris slashed her wrists and guzzled pills in 2013.

In the aftermath of the suicide bid, Michael Jackson's daughter had grown closer to her mother. But now The ENQUIRER can reveal Debbie, 56, hasn't seen her daughter in over a year.

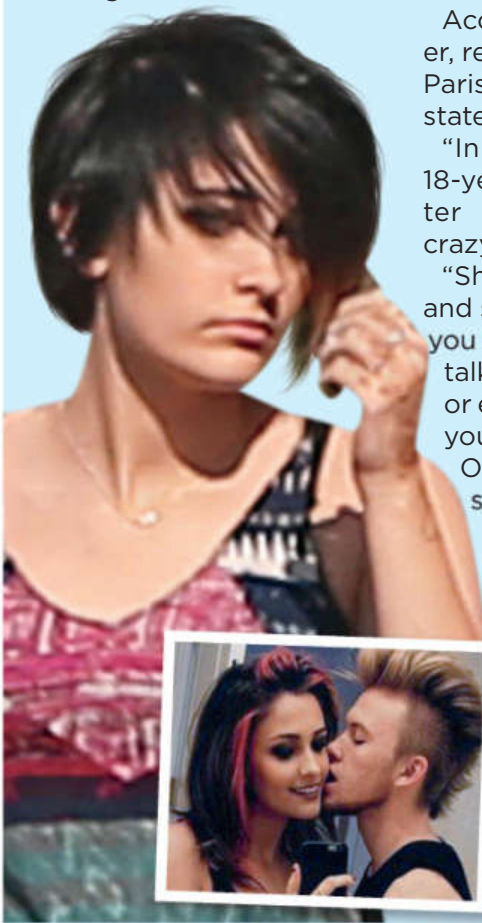

According to a family insider, relatives are terrified after Paris, 17, revealed her fragile state on social media.

"In video clips with her 18-year-old boyfriend, Chester Castellaw, Paris acts crazy," said the pal.

"She grabs hold of his face and sings: 'This is my baby, if you flirt with him, touch him, talk to him, think about him, or even look at him, I will slit your throat!'"

One psychologist who saw this footage concluded: "This is definitely not healthy."

As The ENQUIRER reported, Paris was planning to get hitched when she turns 18! "I'm afraid if she tries to push Chester into marriage, he'll dump her, then all hell will break loose," added the source.

IT MAY have all been wine and roses for troubled Tatum O'Neal once she hooked up with funny-woman Rosie O'Donnell — but that's the last thing she needs!

The 51-year-old has "fallen off the wagon — not good for someone who has been in rehab at least three times and is in AA," a source told The National ENQUIRER.

Tatum, who memorably won an Oscar as a child star, has battled drug and alcohol problems for years, and was reportedly sober before she began dating the former roly-poly "View" co-host, who is going through a nasty divorce and custody battle.

An exclusive photo obtained by The ENQUIRER showed glasses of red wine in front of Tatum when she and Rosie attended an intimate dinner out at New York City celebrity restaurant Da Silvano in August.

The source also revealed Tatum was spotted guzzling more red wine over a meal with a pal at Zinque, a restaurant in West Hollywood on Sept. 24.

"I was surprised to see Tatum tossing back at least

Due to her cocaine and booze addiction, Tatum lost custody of her and ex-husband John McEnroe's three children in 1998, years after their 1994 divorce.

While she appeared to

clean up her act, she was arrested in 2008 after police witnessed her giving money to a street drug dealer on Manhattan's Lower East Side.

Added the source: "No one wants to see Tatum as a fall-down drunk and junkie again. She needs an intervention and she needs it now."

POPE'S MIRACLE CURE FOR ARETHA!

She'll finally tie the knot after meeting the Pontiff

THE Queen of Soul Aretha Franklin's jaw-dropping performance for the Pope has led to a long-awaited walk down the aisle with long-time partner Willie Wilkerson!

"Aretha felt blessed performing for Pope Francis and suddenly felt he had specially favored her to take the next

step in her life and get married," a family friend told The National ENQUIRER.

Legendary singer Aretha shared the stage with Pope Francis at the Festival of Families in Philadelphia on Sept. 26. She's been with Willie since 1985, but has never tied the knot. That's all changed now!

"Aretha said she felt peace and love flowing to her from Pope Francis and it settled the question she had been struggling with for years — whether or not to get married.

"Now, she's over the moon, and says she knows walking down the aisle is the right thing to do," the friend added. **NE**

CRACK-CRAZED

'WOULD GO MISSING FOR DAYS'

Nicole Kidman
stunned by
new drug
revelations

AUSSIE A-lister Nicole Kidman is reeling, friends said, after she discovered husband Keith Urban's drug problem was way, WAY more severe than she ever realized!

What's worse, said a close friend, the country star stayed in Nashville after promising to be at her side for her play in London for six weeks!

"Nic's devastated," disclosed a pal. "She feels totally betrayed."

The actress had been excitedly telling cast and crew members that wildman Keith was joining her in London as soon as he finished his last concert date on Oct. 7.

"She was planning to make it like a second honeymoon, and she'd got all kinds of things planned," explained the source, although Keith's rep said he has recently made frequent trips between the U.S. and London in order to spend time with his wife.

But according to our source, "Keith claims he needs to work on some new music and he won't be able to see Nic for more than a few days. Now she's having nightmares about what he'll get up to behind her back."

Hot on the heels of Keith's abandonment, friends said Nicole was horrified to read an interview with Keith's former best friend about their wild drug use.

Vernon Rust,

57, now lives on just a few dollars a day in a motor home in Austin, Texas, with his partner, Helen Bird.

VERNON SAID HE and Keith hooked up in Nashville in 1993 and soon began writing songs together.

"We became friends, then best friends, then we became freakishly inseparable. We spent all our hours together,"

Vernon divulged.

But while working with Keith's band on the 1997 album "The Ranch," the pair found deadly new friends — drugs.

"The drugs were just 'there,'" Vernon said. "It was weed, cocaine and crack."

"The dealers lived near the studio. We all got into it. Keith more than anyone."

Vernon also told how Keith had a big appetite for drugs, but could be very selfish when it came to sharing.

He added: "Keith's thing was crack, and lots of it. He was the big rock star, so he always got the first pick of the drugs when they turned up."

"He'd take a rock for a hit, then take more and hide them in his pocket or somewhere."

"He'd go off on benders and

'He'd go off on benders and someone would find him in a crack den curled up in the fetal position'

D KEITH

someone would find him in a crack den curled up in the fetal position.

"He'd take the hit and crawl under beds, crawl across roofs, walk off and vanish — not come up for days."

KEITH, 47, has been open with his 48-year-old wife about his past drug abuse.

"I was going to lose it all," he said in an interview.

"It was like, 'If I don't choose this moment to do the right thing and do something that's going to give me life, all of the things I'm scared of losing, I'm going to lose anyway.'"

Keith checked into rehab in 1998, had a brief relapse in 2000 and entered rehab for a third time in 2006 — the year he and Nicole wed.

Vernon could only watch as Keith went on to stardom.

"Keith was everywhere. The

newspaper in Nashville featured him all the time. He was on 'American Idol,' he had married Nicole. If I had told him years earlier he would be on 'American Idol,' I swear he would have hit me and told me to take it back, 'That's as low as you go!'" Vernon said.

When asked how he'd react if he saw Keith again now, after all they had been through, Vernon became teary-eyed.

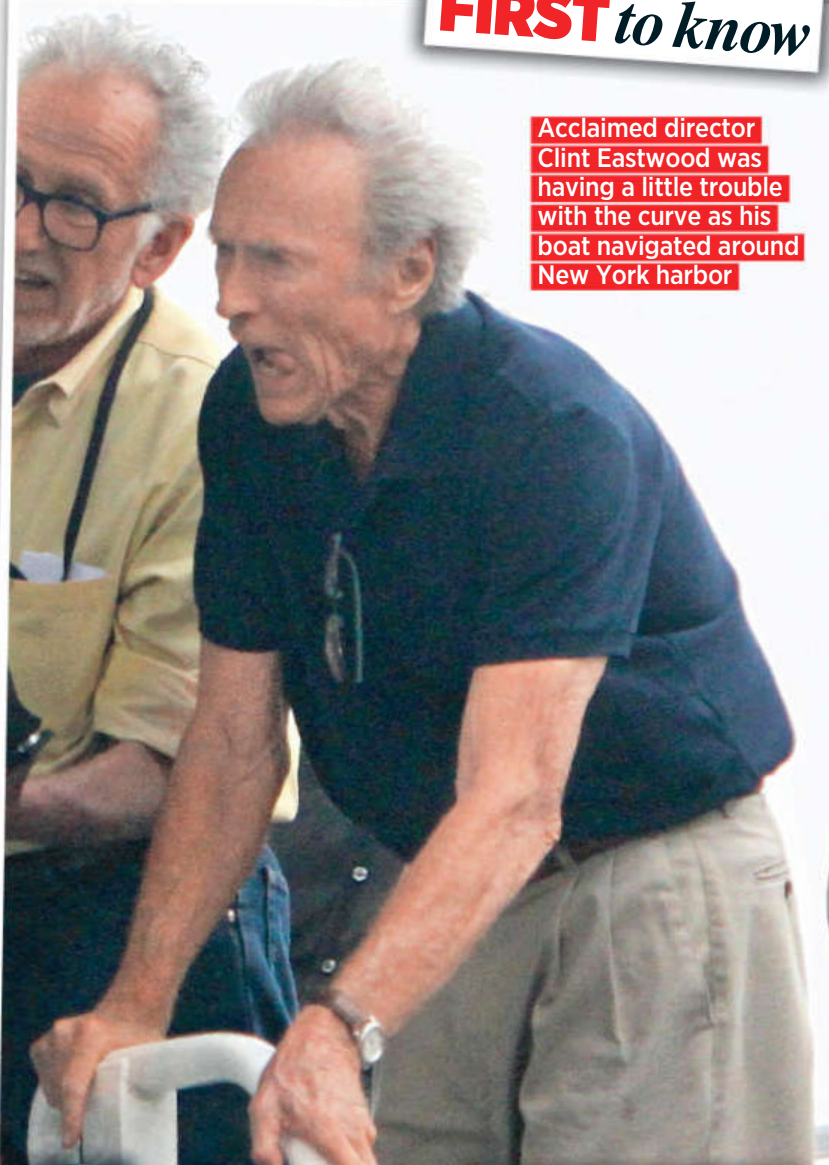

He said: "Yes, he can be a hard-nosed, ball-assed son of a b---h. Yes, he ruined me. Yes, he's become a bit too obsessed with his hair."

"But, man, I tell you we would still hug like brothers and there would still be magic there if we sat down and wrote a song."

Added the insider: "That's just what Nic is worried about! That he'll fall in with his old drug buddies in Nashville and fly off the rails." **NE**

ANDERSON MUST MARRY GAY LOVER, SAYS MOM!

Mom Gloria wants to hear wedding bells toll for her son Anderson, who's been dating Benjamin since 2009

GLORIA Vanderbilt, 91, wants to see her baby boy, CNN anchor Anderson Cooper, marry his boyfriend, Benjamin Maisani, before her days are done!

"Gloria's health has held up remarkably over the years, but she knows she can't go on forever," an insider told *The National ENQUIRER*.

"She longs for one last big, happy family event that would come with Anderson finally marrying Benjamin."

The only hitch? Anderson isn't in any rush to don a ball and chain!

Anderson came out as gay in 2012, and has dated Benjamin, a 42-year-old New

York City bar owner, since 2009.

"Gloria constantly tells Anderson, 'You already live together; what's the hold up here?'" added the source.

The pair share a toney Greenwich Village home and a sprawling Connecticut estate. But their relationship has been somewhat rocky.

They survived a messy public breakup in 2012 when an explosive photo surfaced depicting Benjamin kissing another man in a Manhattan park.

"They patched things up and are solid now," said another source close to the couple.

And "solid" is more than enough for

DESPERATE Jonah Hill has recruited a "fat whisperer" in a last-ditch bid to lose weight — and stay alive!

The bulge-battling "21 Jump Street" star, 31, recently tipped the scales at more than 300 pounds, and concerned pals aren't laughing over jolly Jonah's deadly diet of junk food and lack of exercise.

"Jonah's tried everything to lose weight, but it just doesn't seem to stick," a source told *The National ENQUIRER*. "If anything, he ends up putting on even more weight!"

After years of falling off the diet wagon, Jonah's finally getting help for his ballooning belly — by turning to a spiritual guru to help

"He's hired a guy to put him on a 30-day cleanse," the source said. "He comes to his house three times a week for workouts. Jonah's also having various treatments that target stubborn spots."

While the actor has always put on a brave face, being overweight has been a bitter pill to swallow. After shedding 40 pounds in 2011 with a sushi-based, no-beer diet, the extra weight nevertheless found its way back home.

"Jonah got a lot of attention for his dramatic weight loss, but no one's been

Sorry, Gloria! Though he’s deeply in love with Benjamin, Anderson thinks more about his TV career than marriage.

brave enough to say a word to him about the ton of weight he’s packed back on!” the source noted. “They’re scared to upset him.”

But thanks to his new advisor, “Jonah’s convinced there are deeper reasons for his weight gain than just too many doughnuts,” the source said.

To that end, Jonah has even begun meditating with his guru.

The sessions have been designed to get to the “root of his emotional issues so that he can keep the weight off for good this time.”

He’s already lost 20 pounds, said the insider. However, “Jonah’s got a long road ahead of him.”

Brosnan to wife: **‘KEEP THE CURVES!’**

FORMER James Bond star Pierce Brosnan was shaken *and* stirred when he discovered wife Keely Shaye Smith’s desire for slenderizing liposuction to mark her recent birthday.

The handsome actor “threw a fit,” an insider told *The National ENQUIRER*.

“Pierce told Keely he loves her just the way she is — flaws and all. In fact, he said he’d break up with Keely if she ever went under the knife.”

As *The ENQUIRER* revealed, Pierce remains completely besotted with his bride, though once-svelte TV journalist Keely, now 52, has gained 75 pounds since they met in 1994.

Married in 2001, the couple have two sons, Dylan, 18, and Paris, 14.

Pierce, 62, recently declared his opposition to plastic surgery and Botox.

Asked if he’d ever try cosmetic surgery, Pierce said, “Good heavens, no.”

But Keely’s feelings were vastly

different — especially after several attempts to diet and lose weight ended in failure.

“Keely and Pierce enjoy decadent romantic meals, dining on gourmet pasta dishes and rich desserts,” said a source.

“They’re both foodies, but Keely gets upset because she packs on pounds while Pierce never does.”

With her husband looking fit and still very much in demand in Hollywood, Keely “worries that Pierce’s eye will wander — especially when he’s working with young, hot actresses.”

Keely “never bounced back after her pregnancies,” added the source.

“She knows lipo would be a quick fix, and she’s contemplated doing it. There’s definitely pressure to lose weight. But Pierce won’t have it.

“He also believes she’s a great role model, proving that women don’t need to be sickly skinny in order to radiate beauty.” **NE**

RFK JR. IN NEW MURDER DRAMA!

TRUEcrime

Martha at 14, a year before her murder

Twisted letters by Kennedy cousin reignite mystery of 2005 slaying

THREATENING jailhouse letters obtained exclusively by The National ENQUIRER may put a Kennedy family black sheep back behind bars for good for the brutal slaying of a beautiful teenager!

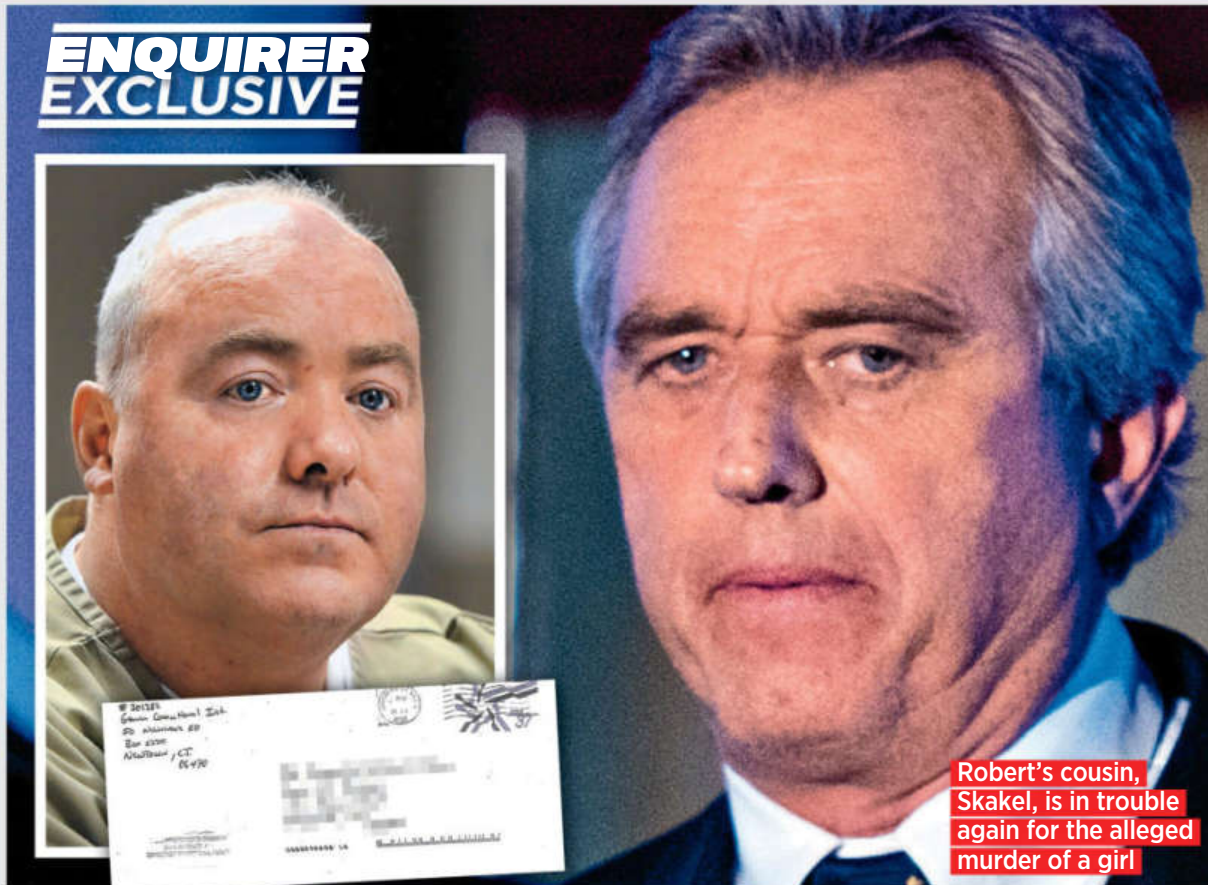

Robert F. Kennedy Jr.'s cousin, Michael Skakel, allegedly mailed the letters in 2005 after being sentenced to 20 years to life for bludgeoning to death Martha Moxley, the 15-year-old daughter of neighbors in wealthy Greenwich, Conn.

Addressed to Martha's best friend, Jackie Wetenhall, who was in the middle of a divorce, the letters brag that Skakel knew "ex law enforcement and ex-Secret Service folks" who "would be more than happy to rattle (her husband's) little cage."

During The ENQUIRER investigation's Jackie's estranged husband, Edward O'Hara, claimed this was a brazen threat to unleash the same brutal violence that caused Martha's death!

With Skakel now free on \$1.2 million bail, after his conviction was overturned in 2013, the state's attorney for the Greenwich area, John Smruga, reportedly expects the letters to be damning when he is retried!

"Mr. Smruga believes they show that contrary to his family's attempt to paint

him as the image of gentleness, he was willing to use violence to solve a problem as minor as a divorce," Edward told The ENQUIRER. "I believe he was offering to have me beaten up, so as to scare the living daylight out of me. It makes me more certain than ever that he killed Martha!"

The letters will pit prosecutors against RFK Jr.

The ENQUIRER has learned RFK Jr. is penning a book

that will portray another man, Adolph Hasbrouck, as the real killer.

The book will cite claims by Gitano "Tony" Bryant, a former classmate of Skakel's, that he accompanied Adolph, now 55, and another friend to Martha's gated community of Belle Haven, Greenwich, on the long-ago night of Oct. 30, 1975, when she was beaten to death with a golf club.

The case went cold until witnesses claimed Skakel

confessed to killing her during a sick sexual rage.

Gitano alleged that Adolph was also obsessed with her and swung the golf club in a "caveman" style attack.

Martha's brother, John, derided the theory in an exclusive interview with The ENQUIRER, pointing out that Belle Haven was guarded by notoriously racist cops in 1975 — and that Tony, like Adolph, is black. **NE**

THEY WERE HOLLYWOOD'S **GOLDEN COUPLE** UNTIL IT ALL CA

C HEATING hunk Ben Affleck has been caught getting intimate — again! — with Jennifer Lopez!

In a bombshell world exclusive, The National ENQUIRER has obtained steamy home videos that show the red-hot lovers locking lips, embracing passionately and sharing a lusty romp in a hot tub!

The sensational pictures are certain to break the heart of Ben's long-suffering estranged wife, Jennifer Garner, a source revealed to The ENQUIRER.

Said a pal: "Jennifer had to face the ultimate humiliation in her divorce from Ben when he ran off with the couple's young nanny. Now, seeing these images of Ben and his long-ago lover will no doubt add salt to her wounds."

In yet another shocking revelation, the source said the 43-year-old "Gone Girl" star is determined to reunite with

single mom J.Lo, 46 — and rekindle their blistering romance!

"Ben feels they've both been unlucky in love since they parted ways. His marriage to Jen Garner didn't survive, and she ended up divorcing Marc Anthony," divulged the source.

"While J.Lo is seeing her on-

off young beau, Casper Smart, Ben thinks J.Lo isn't happy, and with his three kids and her 7-year-old twins, they could all be one big happy family.

"Put it this way, Ben's saying, 'It's back on!'"

The couple — nicknamed "Bennifer" — made headlines with their fiery relationship

from the time they hooked up back in 2002.

Now The ENQUIRER's never-before-seen home videos show them at the height of their passion!

One video offers a peek into their private world during a surprise birthday party for J.Lo at a New York City restaurant.

Said an insider: "In the video, Ben and J.Lo are inseparable — hugging and kissing in front of her family and friends. They look so much in love."

In another home movie at J.Lo's Los Angeles home, the two sit underneath the Christmas tree exchanging gifts.

tion with his lost love.

At the Academy Awards this past February, an eyewitness said Ben sought out J.Lo during a commercial break and flirtatiously whispered to her, prompting the "American Idol" judge to playfully smack him.

Noted the source: "You don't make that kind of move in front of Hollywood royalty unless you're sending a message!"

But their on-again, off-again romance hasn't been without drama. Their relationship took a major hit when *The ENQUIRER* reported Ben cheated with stripper Tammy Morris during a wild orgy in Vancouver, Canada.

While Ben vehemently denied having sex with Tammy, she passed multiple polygraph tests regarding her account of their raunchy romp!

"It's a night I'll never forget!" Tammy gushed.

Within weeks, Ben and J.Lo called off their Sept. 2003 nup-

sive-looking wooden desk organizer, he declares: "I love it!"

The two also play volleyball by the pool with J.Lo's family – and then lock lips while sitting in the Jacuzzi!

"They couldn't keep their hands off each other. They even had a steamy romp in the

hot tub under the stars, while other people were around!" the insider said.

Later Ben crooned "The Temptations" classic "My Girl," into a karaoke machine microphone as a smitten J.Lo looks on while getting a pedicure.

At one point J.Lo raises

her arms and affectionately shouts: "Sing it, Papi!"

"Ben wants things to be the way they were between him and J.Lo. He believes they'll soon be back together again," said a source close to Ben.

Even before announcing his split from wife Jen, the Oscar winner maintained a connec-

tials. They briefly reunited, but split for good in January 2004.

Added the source: "What happened back then appears to be water under the bridge. 'Ben-nifer Round Two' looks to be around the corner!" **NE**

STEFANI STABBED IN THE HEART!

Estranged husband Gavin had affair with COURTNEY LOVE ... *and others!*

GWEN Stefani knew husband Gavin Rossdale cheated on her with grunge queen Courtney Love — and stayed with him!

The widow of Nirvana rocker Kurt Cobain even boasted about her illicit eight-month affair with Gavin to radio shock jock Howard Stern!

When asked in 2010 if she was having sex with the married Bush frontman, Courtney answered, “Yes,” adding, “she (Gwen) does know.”

Then, in another slap in the face, Courtney claimed Gavin was two-timing “The Voice” coach with several other women!

“Everyone ... yeah ... and a few other people,” Courtney revealed.

The National ENQUIRER has learned the news didn’t

shock Gavin’s ex-boyfriend Marilyn, who dated Gavin when he was an up-and-coming rocker in London.

“It doesn’t surprise me in the slightest,” cracked the cross-dressing pop star born Peter Robinson.

“The reason we split up is the same thing. He cheated ... (with) loads of girls.”

Despite Gavin’s fling with Courtney, Gwen gave birth to their third son, Apollo, in 2014.

His big brothers are Kingston, 9,

and 7-year-old Zuma. The parents announced they were divorcing in August after 13 years, and now Gavin, 49, may be angling for a chunk of Gwen’s \$80 million to \$100 million fortune.

While Gavin is worth \$35 million, the couple had no prenup, and a source said he is now demanding half of the 46-year-old No Doubt singer’s loot.

“Gwen is furious,” said the source, “because at the outset of the divorce, Gavin said he wouldn’t go after her money.”

Lonely Stamos ‘**DESPERATE FOR LOVE**’

JOHN Stamos’ desperate “deathbed vow” to his dying mom has left him shattered and looking for love!

In an emotional final promise to his mother, Loretta, the “Full House” star, 52, agreed to finally settle down and start a family. But friends told The National ENQUIRER John is tearing his heart out over the unfulfilled pledge!

John’s mom died from cancer in September 2014, sending him into a

downward spiral that resulted in a DUI arrest in June. He later checked into rehab for a month to battle substance abuse.

“John yearns for a family life, but he’s scared to death of it,” said a pal.

John was married to model/actress Rebecca Romijn until 2005. She now has 6-year-old twin girls with second husband Jerry O’Connell.

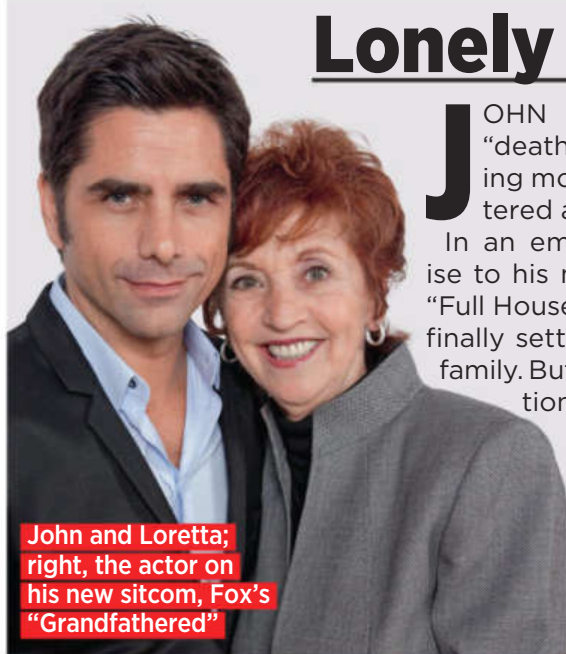

“John looks at Rebecca and Jerry’s family and wonders, ‘That could have

been my life,’” said the source.

“I feel super young ... It’s a blessing and a curse,” John recently admitted to radio host Ryan Seacrest. “It’s time to grow up and act like an adult.” Added the source: “John desperately

wants to honor his mom’s wishes and insists he doesn’t want to grow old alone.”

But unless things change, pals worry he’ll get a lifetime pass to the lonely hearts club! **NE**

College killer's Internet warning: **'DON'T SCHOOL TOMO**

Mass shooter posted online tributes to other monsters

PSYCHO killer Christopher Harper Mercer — who savagely slaughtered nine students and injured many others before being cut down in a hail of police gunfire — dreamed of dancing with the devil!

"I'll be welcomed in hell ... and embraced by the Devil!" — those were the chilling words from a sick, rambling note the Umpqua Community College killer gave to a random person at the school before he began a murderous rampage in tiny Roseburg, Ore.

Mercer's death-wish memo also contained rants about his hatred of black men and his sexual frustration.

The demented killer, who was armed to the teeth for the attack with an assault rifle and five pistols, including a 9mm Glock, was described by authorities as a "hate-filled" individual with anti-religion, anti-government and white supremacy leanings. A trail of horrifying posts and insane manifestos confirms that portrait.

"I have an elaborate plan ... Needless to say; it shall be glorious," read a twisted Internet

post on the message board 4Chan addressed to "fellow robots" that authorities believe was posted anonymously by Mercer.

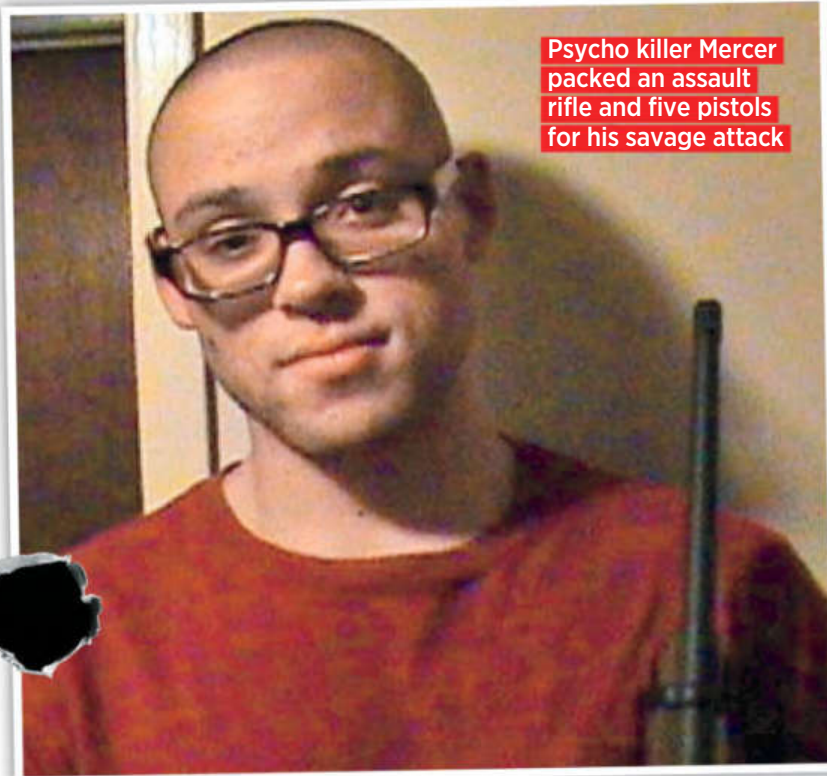

The post also wished readers "an enjoyable Elliot Rodger day" — a reference to the man who killed six people near the Santa Barbara University campus last year. "Personally, I will mark this day's celebration of our Hero's deeds."

He concluded with an ominous warning: "Don't go to school tomorrow if you are in the northwest" in the early morning hours of Oct. 1. The first shots were fired at UCC at 10:38 a.m.

Mercer advised that a "happening thread will be posted tomorrow morning. So long space robots ... Won't say more to [sic] much to prepare."

The FBI has been poring over another website that Mercer operated. In an Aug. 31 post, the killer wrote a sickening tribute to fellow murderer Vester Flanagan, who gunned down a Virginia TV reporter and cameraman on live television in August.

He wrote: "A man named Vester Flanagan opened fire on two former colleagues on live TV. He also recorded his

own footage of the event. While reading about the event, I read some excerpts of his manifesto the media was releasing. And I have to say, anyone who knew him could have seen this coming. People like him have nothing left to live for and the only thing left to do is lash out at a society that has abandoned them."

Mercer went on, sounding star-struck with the infamy that murderers attract.

"On an interesting note, I have noticed that so many people like him are all alone and unknown, yet when they spill a little blood, the whole world knows who they are. A man who was known by no one is now known by everyone.

"His face splashed across every screen, his name across the lips of every person on the planet, all in the course of one day.

"Seems the more people you kill, the more you're in the limelight."

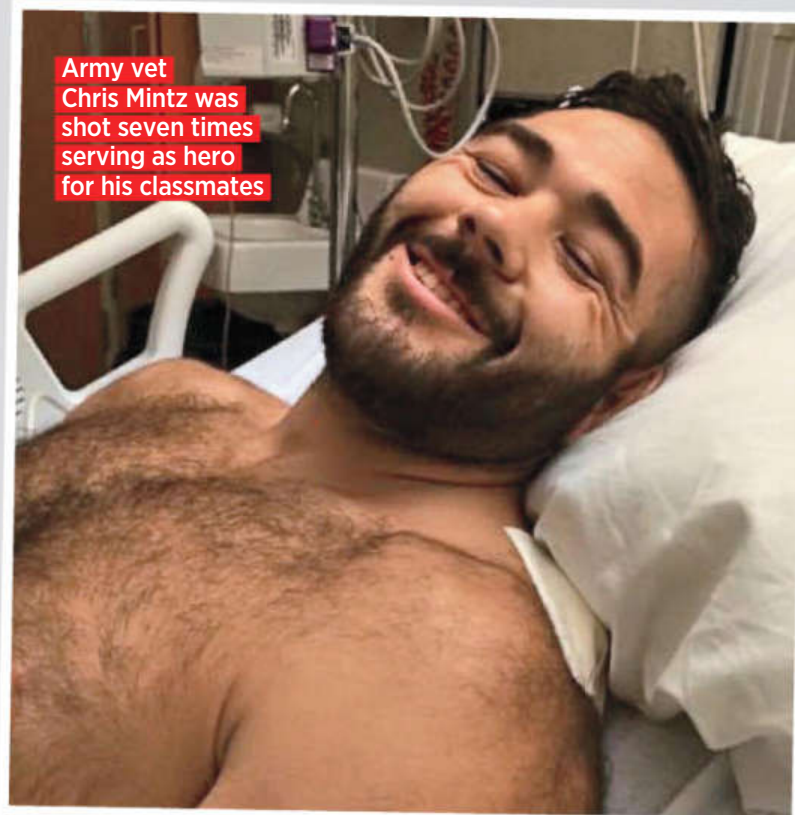

Just three days earlier on that same profile, Mercer uploaded "This World: Surviving Sandy Hook," a documentary about the massacre of 20 children in Newtown, Conn.

The killer, whose father is British, also idolized the IRA and Nazis. His e-mail handle, IronCross45, is a reference to a Nazi war medal, and the sicko used the same term as his dating profile name.

He wrote glowing reviews of Nazi memorabilia he had bought online and his MySpace page featured images glorifying masked IRA fighters, praising them as "looking cool."

Mercer's dating profile indicated he was a "conservative Republican."

HERO SHOT 7 TIMES ... AND STILL HE SURVIVED

ARMY veteran Chris Mintz looked certain death in the eye — and then went charging at Oregon college shooter Christopher Harper Mercer!

Chris, 30, was shot seven times as he tried to save his classmates, his family said.

His cousin Derek Bourgeois said, "There was no way he was going to stand around

and watch something this horrific happen."

According to his family, both of his legs are broken and he will have to learn to walk again.

But, miraculously, no vital organs were hit.

"We were told he did heroic things to protect some people," Chris' aunt Sheila Brown added.

SCOTT PLUNGES TO A NEW LOW!

Latest squeeze is just out of HIGH SCHOOL

SLEAZY Scott Disick — a.k.a. Kourtney Kardashian's loser baby daddy — can be labeled a

"cradle-robber," in addition to a cheating drunk and a druggie!

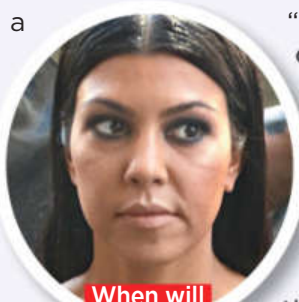

The National ENQUIRER caught the "Keeping Up with the Kardashians" refugee, 32, in New York City with his latest squeeze: 18-year-old blonde Canadian model Lindsay Vreckovnik.

The father of three went clubbing with Lindsay on Sept. 30. The couple didn't return to their hotel until 6 a.m.

"How much more can Scott humiliate Kourtney — this girl is only 13 years older than his son Mason," a source told The ENQUIRER.

"Even for Scott, this is an all-time low!"

In addition to the 5-year-old, Scott's other two children are 3-year-old daughter Penelope and

son Reign, 10 months.

"If Kourtney's smart, she'll get full custody of the kids and keep Scott away for good. He's about the worst dad you can be," said the source.

Kourtney, 36, threw Scott out after his booze-and-

broads Riviera bender this summer, where serial hook-ups included ex Chloe Bartoli.

Lindsay, The ENQUIRER learned, finished high school four months ago. She's studying at Parsons The New School for Design in NYC.

NOW:
Brave Danny

AIDS-stricken Danny thanks ENQUIRER!

WHEN "Who's the Boss?" star Danny Pintauro dropped the bombshell that he's HIV-positive, he also thanked The National ENQUIRER.

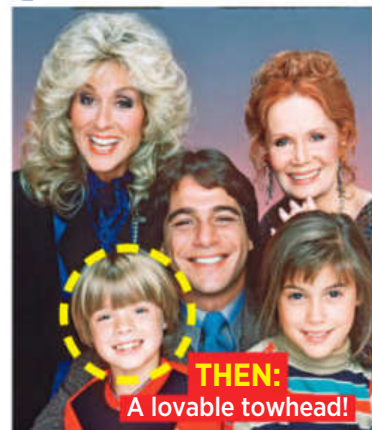

Danny broke the startling news to Oprah Winfrey on a Sept. 26 episode of her OWN TV series, "Oprah: Where Are They Now?"

The star, 39, also spoke glowingly about The ENQUIRER divulging his gay secret back in 1997! He told

Oprah: "Believe it or not, The National ENQUIRER actually did a really fantastic, heartwarming article about it."

"It turned into a positive thing. I had nothing to hide. I was not at all secretive about it. There was nobody in my life who didn't know."

Danny — who played adorable Jonathan Bower on the series — revealed he tested positive for HIV in 2003. He's now married to Las Vegas casino worker Wil Tabares. **NE**

THEN:
A lovable towhead!

HOLLYWOOD wild child Kylie Jenner is at the center of a drug rehab battle between her divorced parents, The National ENQUIRER has learned exclusively.

The 18-year-old “Keeping Up With the Kardashians” cutie has been on a collision course with disaster since hooking up with rapper Tyga, sources said.

She’s reportedly been abusing cocaine and marijuana, and popping potent prescription meds, including painkillers and the anti-anxiety drug Xanax.

Now her “dad” Caitlyn Jenner is demanding Kylie seek professional help for her drug woes, but mom Kris “has blinders on,” a family source told The ENQUIRER.

“Kris thinks Caitlyn is over-reacting, and says Kylie is just going through a typical teenage rebellious phase,” said the source.

What’s more, Kris “adores” Tyga, added the family insider.

“She’s totally supportive of Kylie’s relationship with him, even though Tyga has serious legal and financial issues,” said the source.

Tyga, 25, has a 3-year-old son with former stripper Blac Chyna, who was once

KYLIE'S DRUG DESPAIR!

a close pal of Kylie’s big sis, Kim Kardashian. Tyga called off his engagement to Chyna in 2014, and soon hooked up with Kylie.

Despite Kris’ attitude, the rest of the family is siding with Caitlyn, said the source.

“Kylie’s sisters, and even her brother Rob, who has struggled with his own addiction issues, agree that Kylie should check into rehab immediate-

ly,” the source added.

“They’ve been tolerating Tyga, but they think rehab would solve two problems at once. If Kylie got clean, she’d probably wise up and ditch Tyga.”

Teetotaler Kim organized an intervention with family members in mid-September, said the source.

“But when Kris got wind of the plan, she staged her own

intervention — to make other family members butt out of Kylie’s life!”

Momager Kris is fighting the rehab idea for fear it might harm the family’s carefully crafted image, said the source.

“A rehab scandal would potentially affect Kris’ earnings, since she’s Kylie’s manager,” added the source.

While the teen has scoffed at published reports of drug use, exes Caitlyn and Kris have had ugly screaming matches over Kylie’s wild ways.

Added the source: “Kris throws it in Cait’s face that as Bruce she was an absentee dad, and she’s to blame for their kids’ problems.”

Crumblin’ Clarkson! Pregnant Kelly cancels 21 shows over health fears

PALS are thankful pregnant pop superstar Kelly Clarkson is shutting down her tour, The National ENQUIRER can reveal!

Kelly, 33, nixed 21 dates on her tour, saying doctors ordered her to rest her voice.

A source told The ENQUIRER: “It’s just as well that she’s taking the time out because

everyone is worried about her pregnancy and this is the safe thing to do.”

The megastar, who has a 16-month-old daughter with husband Brandon Blackstock, announced in August she was pregnant again.

The source said Kelly weighs nearly double the 127 pounds she was in 2011 — and could

soon reach 300 pounds.

“Kelly has taken so much heat for being overweight,” said the source. “But that’s unfair.”

“Still, with all that weight there are fears among her pals that had she stayed on the tour she could have passed out — or even worse, collapsed!” **NE**

That's why I was thrilled to find out that Jacuzzi had combined the safety of a walk in bath with the benefits of a hot tub. Now that I have one in my home I can have that luxurious resort experience... whenever I want.

The moment you step into your Jacuzzi® Walk-in Tub you'll see the superior design and the quality of the craftsmanship. The entry step is low and the door is 100% guaranteed not

CARREY GIRL SUICIDE NOTE REVEALED

*'I love you,
please
forgive me'*

BEFORE Jim Carrey's girlfriend killed herself with drugs, she painfully penned a tragic letter to the Hollywood superstar.

In a bombshell National ENQUIRER world exclusive, a source who read Cathriona White's suicide note revealed her painful last words.

"Jim," she wrote, "I love you, please forgive me.

"I'm not for this world."

The troubled 28-year-old Irish makeup artist also asked Jim, 53, in the letter if he would "take care" of her burial and make sure her assets went to her distraught family.

Her body was found on Sept. 28 — just four days after she and the "Ace Ventura" star decided to take a time-out in their relationship.

A source told The ENQUIRER: "Contrary to any rumors, Jim never dumped her. He

decided that they needed to take a breather.

"He had no idea she was so troubled that she would take her life only days later.

"Jim's absolutely devastated and crushed by this — it's the worst tragedy he's ever experienced."

The twice divorced actor — who's worth \$150 million — immediately flew his girlfriend's family from their homes in Ireland to Los Angeles.

The source said: "Jim met Kennedy and he was immediately smitten with her.

"He took her to his favorite place — the exclusive Bel-Air Hotel. And then they had another intimate dinner before the quick romance ended."

Jim dated Kennedy — the 2013 Playmate of the Year — last December.

In the text messages obtained by The ENQUIRER, he referred to her by her real name, Taylor, and she referred

"She's decided on an anti-Aniston wedding when she ties the knot with Johnny (McDaid)," the

source said. "It won't be over the top."

Unlike Jen's lengthy A-list guest list, Courtney and Johnny will invite only family and a few pals to their nuptials, added the source.

The "Black Swan" beauty, 32, is determined not to make the same mistake as Hollywood pal Jennifer Garner, whose husband, Ben Affleck, was recently caught bouncing a babysitter on his knee, insiders told The ENQUIRER.

"Mila thinks Jen was ask-

ing for it when she hired a hot nanny," the source said. "She's going back to work, and she wants to remove any temptations from Ashton."

The "Ted" cutie is now interviewing granny nannies for daughter Wyatt, who turned 1 on Oct. 1. Added the source: "Mila's making sure Wyatt's nanny is anything but catwalk material!"

They're keeping the engagement under wraps so they can enjoy the moment privately, according to the source.

"They plan to deny it publicly. They aren't in a rush to get a ring that she can't wear yet," the source said.

Wilmer, 35, and Demi, 23, split after her substance abuse relapse in 2012. But Wilmer is determined to stand by her in the future.

"He was pressured to drop Demi back then," the source said. "But now he says, 'I'm never leaving again.'"

Ben's running for president as several former patients claim malpractice

Bungling surgery LEFT SPONGE IN PATIENT'S BRAIN!

Medical victims reveal why White House candidate Carson should **NEVER** be president

JUDGING by White House wannabe Ben Carson's track record as a neurosurgeon, his presidential campaign should be declared dead on arrival!

In a bombshell investigation into his medical career, The National ENQUIRER has exclusively learned the now retired doc allegedly butchered one patient's brain — and EVEN left a sponge in another's skull!

According to at least six malpractice lawsuits against

Carson obtained by The ENQUIRER, the Republican candidate allegedly rushed patients into surgery, and brandished a scalpel like a meat cleaver!

"He's totally untrustworthy!" one former patient, Karly Bailey, told The ENQUIRER.

The Florida woman claimed Carson spent "maybe 14 minutes" with her and her parents before performing a delicate brain tumor operation that ruined her life at age 9.

"My parents told him they weren't authorizing him to remove the whole tumor because of the risk," said Karly, now 27.

"But he did what he god-damned pleased! He tried to remove all of the tumor, and injured my nerves and brain stem.

"I was paralyzed on my right side. I've never fully recovered. I have chronic fatigue, and my eyes dance around. It's like having permanent vertigo. My face droops and people are really cruel."

Karly's family slapped Carson — then director of pediatric neurosurgery at Baltimore's Johns Hopkins

Hospital — with a lawsuit.

But in a 2011 affidavit, Carson shockingly called Karly's post-op problems "unavoidable."

THE CONSERVATIVE candidate, 64, built his medical reputation on being the first surgeon to successfully separate twins conjoined at the head. But The ENQUIRER uncovered complaints about the married father of three dating back to 1986 — a year before his success with the twins.

One alleged bungled operation involved a patient identified as John P. Sparco. In court papers, he claimed Carson and three other surgeons operated on him to

geon Ben LONGE ENT'S

remove what they claimed was a deadly tumor.

The tiny tumor turned out to be benign and non-life-threatening. But during the procedure, he suffered “irreversible” injuries, including deafness in one ear, dizziness and slurred speech.

His lawyer said: “To strangers he appears to be drunk.”

Carson was slammed for another alleged botched surgery in 1999. After he operated on a girl from Michigan, X-rays taken later at another hospital found the patient’s severe post-op pain was the result of a shunt that was put in “upside down.”

In another horrifying case, a

WORLD EXCLUSIVE

69-year-old Florida woman claimed her eardrums were perforated during a 2008 operation for facial pain performed by Carson’s team.

When the pain recurred, Carson told the patient, Darlene King, that she might have a tumor. But surgery revealed the lump was actually “a sponge he had left in (her) brain”!

Yet another Florida woman, Merryl Reynolds, accused Carson of negligence during 2010 spinal surgery on her 15-year-old son, Austin. He “is now paralyzed from the waist down,” she claimed.

Maryland patient Mary Perna, 58, consulted Carson in 1994 for side effects of multiple sclerosis. According to Mary, he said the cure was brain surgery.

When the surgery did nothing to help, she claimed Carson came into her hospital room “in a highly agitated state,” and admitted he hadn’t reviewed pre-op MRIs. He allegedly said that if he had, “We never would have done the (surgery).”

In March 2013, Carson announced he was retiring as a surgeon, saying: “I’d much rather quit when I’m at the top of my game.” **NE**

Beyoncé & Jay Z ‘TWO FLAWED PEOPLE’ MAKE EVERYONE BELIEVE THEY’RE

POWER couple Jay Z and Beyoncé are locked in a sham marriage — and were “literally signatures away from a divorce” just months ago, a source has sensationally claimed to The National ENQUIRER.

The rap mogul, 45, and “Queen Bey,” 34, secretly split twice in anticipation of divvying up their \$1 billion bank account, the insider divulged!

The “Crazy in Love” diva’s desire for another child ended their trial separations, but now the volatile twosome are on the verge of calling it quits, the source said.

“They’ve lived apart for a little while,” the source said to The ENQUIRER.

“Then they look at (daughter) Blue Ivy, and Bey thinks she wants another baby. So, she goes, ‘Let’s give this a shot,’ and they have sex. For a few moments things are right with the world again, but really they’re not.

“They are two flawed people who make everyone believe they’re perfect. But they are a bad storm and you’d best believe there aren’t any blue skies hovering over them.”

As The ENQUIRER reported in late

HOLLYWOOD DIVORCES

OPLE WHO E PERFECT'

2014, the couple's marriage was besieged by jealous rages, allegations of infidelity and even physical abuse!

PUBLIC SIGNS OF TROUBLE began with the infamous elevator brawl when Beyoncé's sister, Solange, pummeled Jay Z over his desire to visit Rihanna's party after the May 2014 Met Gala. Then in November, the two — who wed in April 2008 — were spotted sniping at a Brooklyn Nets game before Jay Z gave Beyoncé the silent treatment, and she began a bizarre bobble-head act.

A provocative series of seemingly coded cries for help were also posted on the "Single Ladies" singer's social media accounts. That's when the couple nearly split for good.

"They were literally signatures away from a divorce last year," said the source. "But then the media got wind of it, and they called it off because they didn't want the media to be right. For them, it's about control and keeping the media, their fans, their family — and everyone else — off track."

In a move that seemed intended to silence rumors of a split, the couple then renewed their wedding vows during a European vacation.

Said our source: "It's ridiculous. They've become a headache to their staff and everyone they do business with, because we all know they are trying desperately to keep up appearances. Now, even they seem to be tired of keeping up appearances."

Nicole Richie & Joel Madden

TORN APART BY JEALOUS RAGES

ROCKER Joel Madden's four-year marriage to wife Nicole Richie is going down in flames over his sizzling relationship with Jessie J,

his fellow judge on "The Voice" in Australia!

Nicole, 34, is "fed up" and was "pushed to the edge" by reports that her husband, 36, had been flirting up a storm with the vampy London-born singer, 27, sources said — and pals believe a \$25 million divorce is imminent!

"Nicole is very possessive," said a source close to the "Candidly Nicole" star. "She's an extremely jealous woman who spends a lot of time tending to her family."

Nicole and Joel got hitched in 2010 and are parents to Harlow, 7, and Sparrow, 6 — and her dad insists the family's as solid as ever.

"I'm gonna set the record straight: They are so happy, and the kids are so grown-up now that I'm almost afraid to think that those are kids," dad Lionel Richie said.

But, claimed the source: "While Joel was in Australia filming, Nicole heard all sorts of reports of Joel carrying on backstage with Jessie. And it infuriated her."

The couple recently bought a new house in Beverly Hills for \$6.7 million, but sources said it's not a happy home.

Added the source: "A divorce could be nasty. Nicole will want custody of the kids. But Joel will fight her. It could get ugly!"

Marie Osmond & Stephen ALL WORK AND RUINS THE REMA

MARIE Osmond is caught in a painful \$20 million divorce drama, *The National ENQUIRER* has learned.

The talented entertainer remarried her first husband, Stephen Craig, in 2011, after a disastrous second marriage to music producer Brian Blosil, in which she endured spousal abuse and the suicide of her 18-year-old son, Michael.

"But the remarriage to Stephen has been plagued," a source said.

"Since they first divorced in 1985, she's a different person. Marie has still never recovered emotionally from the turmoil of her marriage to Brian — and instead just threw herself

into work, work, work.

"Stephen has grown tired of it and demanded she give up Las Vegas and her nonstop work schedule and find time for him.

"But Marie feels she can't stop. It has put them on the brink of splitting up."

In an attempt to save the marriage, Marie, 56, flew Stephen to Mazatlan, Mexico, for a romantic escape in mid-September.

"The kids were left behind and it was just the two of them. It was a peace offering from Marie to Stephen," the insider explained. "The fact is, Marie can't emotionally afford another divorce. So she's trying to keep Stephen from ending it."

Morena Baccarin & Austin Chick LOVE TRIANGLE ENDS IN TEARS

THE HIT TV show "Gotham" is being rocked by a steamy, sex-filled scandal involving lies, deceit — and a love child!

Morena Baccarin's estranged husband is claiming she had an affair with her co-star Ben McKenzie, and said the actor will be marrying her — but not until they settle their \$5.1 million divorce!

Austin Chick said in legal papers he and Morena, 36, were working to save their marriage when she became

pregnant by Ben, 44.

Morena is four-and-a-half months pregnant by Ben — placing the time of conception "right in the first week of June, 2015, the time she was telling me she wanted to work on our marriage, and well before we stopped sharing a bed," writer/producer Austin, 41, alleged.

Former "Homeland" star Morena said she is carrying Ben's child and is in a "committed relationship" with him.

KALEY Cuoco has divorced troubled husband Ryan Sweeting following a disastrous 21-month marriage — and rekindled her romance with former flame Johnny Galecki!

Kaley, 39, leaned on "Big Bang Theory" co-star Johnny while her marriage crumbled over Ryan's excessive drug use and criminal background.

As RadarOnline reported, the Bahamian tennis pro, 28, had been arrested more than once on charges including DUI and felony possession of a controlled substance with intent to sell or deliver.

Throughout her trying time

hen Craig NO PLAY MARRIAGE

Another source said the singer is still dealing with the abuse left from her time with Brian.

She's described it as a "living hell" and said she was once pushed down the stairs and struck by him, claims he has denied.

To make matters worse, a television movie is being produced based on a new book, "The Life and Career of Marie Osmond," by celebrity journalist Randy Jernigan, which will center on her tortured 21-year marriage to Brian.

"The movie is bound to upset her," said the source. "Hopefully she and Stephen will remain strong enough to get through it."

Megan Fox & Brian Austin Green

VICIOUS FIGHT IN THE CARDS

MOVIE stunner Megan Fox and "Beverly Hills, 90210" star Brian Austin Green's \$10 million divorce is about to get downright NASTY!

That's what a top legal expert told The National ENQUIRER after the actor responded on Sept. 29 to the divorce petition Megan originally filed in late August.

"It certainly looks like this could become contentious," Jacqueline Newman, a top New York City-based divorce attorney, explained to The ENQUIRER.

"Especially without a prenup, the fight between them might go on for a while," added Jacqueline, who is not involved in their split.

In court papers, Brian, 42, announced he wants spousal support from Megan, 29, along with joint custody of their two kids, 3-year-old Noah and Bodhi, 18 months.

As The ENQUIRER reported in September, Brian went bonkers after seeing a video of Megan's "Transformers" co-star Shia LaBeouf trying to phone chat with his model/actress wife in June.

That scenario seems to be proven by the divorce filings, in which Brian and Megan list June 15 as the official date of their separation — even though the split wasn't formally announced until Aug. 19.

Kaley Cuoco & Ryan Sweeting 'Big Bang' star flies into ARMS OF FORMER LOVER

with Ryan, Kaley "never stopped having feelings" for Johnny, an insider exclusively told The ENQUIRER.

Now, Kaley's returned to the only man she totally trusts!

While her reps denied the rumors of a romance, the insider said: "They spend long hours on set, five days a week.

Her feelings for him just keep growing stronger!"

Kaley secretly dated Johnny, 40, for about two years before ending things in 2009. They kept their romance on the down-low, and many pals were unaware they'd been together until Kaley announced their split!

Kaley had a series of flings, and then "dove headfirst into marriage with Ryan after only six months of dating!" said the source.

Now single again, Kaley, who's worth a reported \$45 million, is ready to mingle, and "begged Johnny to give her another chance." **NE**

The 63-year-old former con-

sources told The National

His once-golden hair
has turned virtually white,
and red sores mark his
puffy pale face.

Nicknamed "Larry the

his strength and sexual
prowess, he's now dosed-

As The ENQUIRER recently
revealed, Larry's sister Donna
cares for him.

The humble hard hat met the
"Cleopatra" beauty in rehab in
1988. After their star-studded
nuptials in Oct. 1991, the pair
lasted five years. He was her
seventh, and last, husband.

Following their divorce,
Larry was arrested on a
drug charge and for do-
mestic violence against
a girlfriend.

He came close to
death in 1999 after fall-
ing in his home during a
drunken binge. He was
in a coma for six weeks,
but had no health
insurance.

During his life with Liz,
the couple shared her
five-bedroom Bel-Air
mansion with a staff of
cooks, drivers and se-
curity guards.

Today, a fence surrounds
Larry's property, but the bro-
ken-down former golden boy
rarely steps outside.

Said the source: "Those who
know Larry think he'll be lucky
to see out the year. It's all
terribly sad."

"Paul's appearance when we went to the appointment was quite shocking," the eyewitness said.

"He looked hollow-cheeked and walked with a stoop. It all combined to make him look a decade older!

"He was clearly in a lot of discomfort. It was like he had the worries of the world on his shoulders," the source said.

Paul lives with Chance, 16, in L.A., while Linda, 57, has moved out to be with her new lover, Moroccan tour guide Moulay Hafid Baba.

Recently, Chance was pictured on his bedroom balcony with several friends, apparently clutching a bong.

The teenager has also been spotted on that same balcony smoking and holding a bottle of beer, even though he is two years younger than the legal smoking age in California and five years younger than the legal drinking age.

Paul's divorce from his

"Crocodile Dundee" co-star, Linda, his second wife, was finalized in July 2014, and they share joint custody of Chance.

Paul married his first wife, Noelene Edwards, in 1958, but divorced her in 1986 to be with Linda.

In recent years Paul has also been embroiled in a legal dispute with the Australian Tax Office, which claims he owes millions.

"Paul himself spends most of his time alone at home, which can't be good for him," said the source. "Friends are worried that it might all be too much and ultimately it's going to finish him off." **NE**

ALL NEW! Your HEALTH

BY DR. STUART FISCHER

**NEWS
YOU CAN
ALWAYS
USE!**

CINNAMON REDUCES BLOOD PRESSURE!

HERE'S some sweet news! That ooey, gooey cinnamon bun you've been denying yourself is actually good for you! Recent research from University of Toronto has confirmed that even short-term use of cinnamon can significantly reduce blood pressure. Turns out limited intake of cinnamon results in serious drops in both systolic (top) and diastolic (bottom) blood pressure readings! And in a study from Ball State University, the spice drastically reduced blood glucose levels from typical post-meal levels in 30 adults. Anybody want to hit the bakery?

VITAMIN D DON'TS!

THERE are lots of good reasons to take your vitamins — but don't overdo your vitamin D! The supplement is credited with making bones stronger, fighting asthma and reducing the risk of infection. But new evidence suggests too much can make people more likely to develop upper respiratory infections by increasing harmful triglyceride and cholesterol levels in the bloodstream. One problem is vitamin companies have been pushing unnecessarily high dosages of the supplement. A safe dosage is 100 to 200 IU (international units) per day.

DEFEAT MENOPAUSAL DEPRESSION!

SADLY, a big by-product of menopause is depression. Women suffering the changes often feel withdrawal, loss of interest in their lives and anxiety. But there are effective strategies to bring you back up! Yoga and breathing exercises can stimulate mood-lifting endorphins. Take a deep breath when you're feeling overwhelmed. This will relax your muscles. Stretching has the same effect and will help alleviate tension. If depression persists, you may need to consult a psychiatric professional. If you're suffering through menopause, draw comfort from knowing that you're not alone and help is readily available.

How do you like THEM apples!

TASTY apple cider vinegar (ACV) can put the apples back into your cheeks! Swabbing your face with nature's elixir will help revitalize skin with vitamins and minerals, as well as combat complexion issues like acne and blotchiness, experts said. You can apply it directly or dilute with water. Simply pour a little into a cup and dip a cotton pad into it. Smooth over rough or problem areas, and then rinse with warm water. ACV has natural antibacterial properties, too, which can help prevent infections and eliminate the need to put artificial chemicals on your face!

LET YOUR DOC KNOW WHAT'S UP!

THE next time you're at the doctor's office, don't hold back! According to WebMD, a new study shows half of U.S. adults over 65 suffer from at least one common age-related condition, such as dizziness and vision or hearing problems. But these treatable geriatric health problems are often overlooked by health-care providers. Not because they're negligent, but because they're focused on identifying bigger medical issues. It's your responsibility to alert them to the smaller, but potentially just as dangerous, problems.

HEART WARNING FOR WOMEN!

BOTH men and women have to watch out for diabetes — but new evidence shows the disease is especially dangerous to the fairer sex. The research shows an increased risk of heart attack and chest pain in women from diabetes as compared to men with the same issues. In one of the studies — a review that included almost 11 million people — the risk was about 40 percent higher. So ladies ... eat right, exercise, keep your weight down and regularly consult a physician!

SAVE MONEY ON YOUR PETS!

Care for your furry friends without breaking the bank!

YOUR fluffy animal companions are priceless — and expensive — because pets deserve only the best. They also deserve a loving home, which won't be possible if you've spent all your cash on pet care! But where to save?

As Russ Boles, co-founder of popular pet site Wag-Brag.com, noted: "You can still put your pet at risk by cutting corners. For example, I once tried a cheaper brand of flea and tick medication that left my cats with a case of toxic poisoning. That ended up being expensive."

RECYCLE FOR YOUR PETS

Fight that urge to buy pet stuff for your pets. If you need a new pet bowl, try skipping the cost and using something else that you have around your house — like an old stainless steel bowl for cooking. We guarantee your pets will be just as happy. A recycled baby gate works well to keep animals contained in an area, and plenty of pet owners will tell you that their furry friends prefer homemade beds of old towels or sweatshirts stuffed with used socks!

HEALTHY SAVINGS

The manufacturer's recommended servings on pet food are very often way more than your pet actually needs. Consult with your vet about the portion size they recommend for your dog. Measure that out, and you'll likely start saving money!

DOLLAR STORE DO'S & DON'TS

As Russ noted: "Dollar stores have lots of products with high levels of toxic chemicals and metals — too much for children, so don't risk harming your pets with similar toys!" Avoid products from China and seek out name brands for

food and other products. You can still buy with confidence when it comes to some essentials like kitty litter.

OPTIONS TO INSURANCE

"If you're the type of person who can spend thousands of dollars on your pets," said Russ, "then pet insurance is a good idea. If you're not that kind of person, then my advice is to look into network discounting programs like Pet Assure."

GO ONLINE

It's key to support your local pet store, but it's smart to pay attention to websites from major retailers — including Petco.com, Wag.com and PetSmart.com. They regularly run specials and offer coupons with free shipping. You can also cash in on rebates and save money by subscribing to automatic renewal of orders on pet food or litter! **NE**

EXAMINE YOUR VETERINARIAN

There's nothing wrong with talking about costs before taking your pet to the doctor. Ask different veterinarians about their pricing schedules and start comparing prices if you've been using the same vet for years. But when you find your veterinarian, it's usually a good idea to stay with the clinic. Many vets will reward a regular customer with reduced costs in routine maintenance like nail clippings and baths.

Hand-sculpted and painted by hand.

This one-of-a-kind figurine is skillfully crafted by Master Craftsmen. Every detail — from the tips of their ears to the tips of their tails ... from their playful wide-eyed expressions to the oh-so-soft look of their fur ... from the plump cushions on the cozy couch to the blankets, balls of yarns and circular rug — is sculpted, shaped and molded by hand, one detailed step at a time.

Then talented artisans individually hand-paint each kitten to give them *purr*-sonality! The striped tabbies, tuxedo cats, colorful calicos and more — each a heartwarming reminder of the joy our precious pets bring to our lives!

"Home Is Where My Cats Are" is strictly limited to 95 casting days, hand-numbered and sent to you with a Certificate of Authenticity. Order yours now for three installments of \$26.66*. **Send no money now.** You will be billed only your first installment prior to shipment. **Your satisfaction is guaranteed for one full year or your money back!**

*Add a total of \$13.00 for shipping and service. Deliveries to FL and IL will be billed appropriate sales tax.

Tyra 90210

SUPERMODELS have to be bi-coastal — but Tyra Banks is becoming a little less of a California girl! The “America’s Next Top Model” host is asking \$7.75 million for her elegant Spanish villa in the coveted 90210 zip code!

The 6,040-square-foot home has plenty of intimate charm — along with an outdoor living room and kitchen, plus a fire pit and a pool in a walled garden.

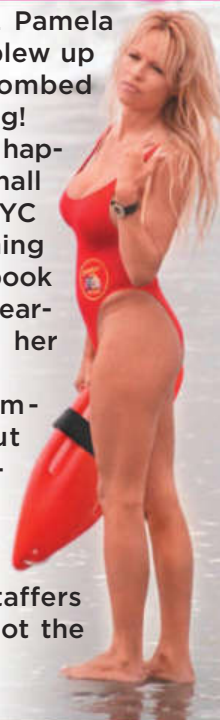

“Each room has enormous windows flooding the living spaces with natural light,” added Redfin realty agent Alec Traub. “But if we had to guess which room was Tyra’s favorite, we’d bank on her closet!”

Baywashed-up!

BOMBSHELL Pamela Anderson blew up after she bombed at a book signing!

Pamela wasn’t happy with the small crowd at a NYC bookstore signing for “Raw” — a book where the 48-year-old shows off her plastic surgery!

“Pam complained about how obviously nobody had promoted her event,” said an insider, “but staffers just knew it’s not the ’90s anymore!”

Amal’s fascist fashion fail!

HUMAN rights lawyer Amal Clooney showed atrociously bad taste by wearing the designs of a notorious racist!

She joined her movie star husband, George, at two re-

cent events in outfits by John Galliano — who made fashion news after allegedly attacking a couple in a Paris café while screaming, “I love Hitler!”

Fans of George are shocked to see Amal helping the demented designer make a comeback!

“This is disastrous for Amal,” said a close pal.

“She fights publicly for the rights of the persecuted, so being seen in Galliano designs is a horrible clash of morals!”

Meanwhile, George had recently declared that Amal “doesn’t have a stylist” — just as it was revealed that

Amal relies on Alexis Roche, Galliano’s longtime partner.

“It’s bad enough George fibbed about Amal’s stylist, but it’s a huge black eye being associated with Galliano!” said the source.

John Galliano

Tony: ‘I’m sitting this out, Kim!’

KIM Zolciak is furious that “Dancing with the Stars” took her

out of competition after her mini-stroke, and she’s dragging poor partner Tony Dolovani into her showbiz feud!

“Nobody can believe that Kim thinks we could keep her on the show after a medical crisis,” said an insider. “But she’s convinced the public is clamoring for her to return!”

The veteran “Real Housewives of Atlanta” star was never a fan favorite on “DWTS,” and Tony is terrified that his bosses will think he’s part of her weird push to get back on the show, the source added.

“Tony’s already relaxing back at home,” said the source, “and praying Kim comes to her senses!”

Classic ENQUIRER

IT WAS a wacky Jewish-Hawaiian wedding for Whoopi Goldberg this week in 1994 — and The National ENQUIRER got past massive security to get exclusive photos of the bride in sneakers and her guests waiting for the ailing Richard Pryor to arrive! Whoopi’s big backyard party ended up being the high point of her marriage to Lyle Trachtenberg. They called it quits in October 1995!

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

LEO JULY 23-AUG. 23

Misunderstandings pop up and friends may question your true motives. If you come from a place of good intent, all will work out. But if your ego is getting the best of you, better check it at the door. Others can see through a mask of disguise. **Lucky Numbers:** 12, 24, 44

SAGITTARIUS NOV. 22-DEC. 21

An important family decision will be made soon. It affects everyone and should be openly discussed so everyone feels their voice is heard. Resist the urge to belittle. Once in agreement, you can move forward with plans. **Lucky Numbers:** 4, 40, 44

TAURUS APRIL 21-MAY 21

Household repairs, unexpected expenses and last-minute schedule changes frustrate you to no end. But there is a silver lining in your dark cloud. A chance meeting turns into a potentially serious romantic encounter. **Lucky Numbers:** 4, 5, 13

VIRGO AUG. 24-SEPT. 22

GEMINI MAY 22-JUNE 21

There's too much on your plate and even though you can't imagine fitting anything more on it, someone drops extra work in your lap. Speak up now or forever hold your peace. Learn to say no! Don't take it personally when someone doesn't want to be your friend. **Lucky Numbers:** 6, 15, 24

LIBRA SEPT. 23-OCT. 22

Financial rewards will soon be yours. The challenges of the past few years are behind you, not to return for a long time. There are more career options coming your way as well. Try something different this weekend. You'll love it and be recharged for the next week ahead. **Lucky Numbers:** 2, 4, 10

CANCER JUNE 22-JULY 22

You'll go toe-to-toe with an on-the-job adversary. Someone is trying to take credit for your work. You despise confrontation and usually steer clear of it. This time, you'll have to stand up for yourself. **Lucky Numbers:** 1, 6, 33

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

AN **EYEFUL** IN THE BACKYARD!

Janice and Arnie have been married for 57 years

IN AN amazing act of love and devotion, a Minnesota man made his cancer-stricken wife's wish come true when he built a 43.5-foot Eiffel Tower in their backyard!

Arnie Lillo of Good Thunder, Minn., was shattered when his spouse, Janice, was diagnosed with stage 3 cancer, which also destroyed her lifelong dream of visiting Paris and seeing its biggest attraction.

But Arnie wasn't about to let his bride of 57 years be disappointed. He decided if she couldn't go to the Eiffel Tower, he would bring it to her!

So he erected the realistic replica where Janice could see it every day from their bedroom window!

"I wanted to do something really nice and exceptional for my wife," said Arnie. And in a few short weeks, it was

Dedicated Arnie hard at work, building his version of the Eiffel Tower for his beloved wife

mission accomplished. "When I do something, I like it to be a challenge," he said.

That's definitely the understatement of the year!

Arnie's Eiffel Tower is just the newest addition to his growing collection of steel art pieces he creates and displays on the couple's 13 acres of farmland, attracting thousands of visitors to the property each year. The number of different creations in his exhibit now stands at 155.

The 77-year-old shows no signs of

slowing down either! He's currently hard at work on a weather vane bearing the family crest of Janice's French ancestors — and will place it atop of her gleaming new tower of romance!

While we are deeply touched by his gesture, his loving wife is a little more measured in her praise.

"The only thing she really said is it's unbelievable," said Arnie.

Never mind, Arnie. The National ENQUIRER believes the ode to your wife is so awesome it earns you a place at the top of the Odd List! **NE**
